Chloe Wu UX/UI Designer | Product Designer | UX Researcher

07884718369 ruoyuwu10@gmail.com Portfolio Link London

Product and UX/UI Designer with a strong foundation in industrial and product design. Experienced in end-to-end digital product design for web and mobile platforms, transforming complex business requirements into scalable, human-centered solutions. Specialist in SaaS dashboard design and data-informed usability testing, leveraging a technical background in UX Engineering and front-end development to bridge the gap between design and implementation.

Professional Experiences

Nownook - Senior UX/UI Designer | London, UK | Jun 2025 – Oct 2025

- **Product Vision & Strategy**: Partnered with founders and engineers to define the UX strategy for a dual-sided marketplace (Buyer & Seller), designing complete end-to-end flows from onboarding to transaction.
- **Feature Innovation**: Designed core mobile features including emotional tagging and taste-based discovery tools, significantly reducing onboarding friction while improving user engagement.
- **SaaS & Data Visualization**: Developed a scalable web-based back-office dashboard for sellers, translating complex datasets into actionable analytics views and operational workflows.
- **Rapid Iteration**: Led usability testing and iteration cycles to validate concepts through user feedback and business logic, supporting critical MVP decision-making.

Kun Shan University - Visiting Lecturer (Web Design) | Tainan, Taiwan | Sep 2024 – Jan 2025

- Developed and taught a UX/UI web design curriculum focused on user-centered design, information architecture, and Figma prototyping.
- Guided students through real-world design workflows, strengthening communication, critique, and presentation skills.

UX/UI Freelancer - Product Designer & Front-end Developer | Remote, UK | Sep 2023 – Present

- **Agile Product Delivery**: Delivered end-to-end web and SaaS solutions for international clients, covering user research, UX/UI design, and front-end implementation (HTML, CSS, JavaScript).
- **SaaS Platform Experience**: Designed and optimized dashboards, internal tools, and data-heavy interfaces with a strong focus on usability, scalability, and clarity.
- **AI Mentor Platform**: Redesigned dashboard and chat interfaces, improving mentorship task flows, system clarity, and overall efficiency.
- **Remote Collaboration**: Managed multiple projects independently in fully remote, cross-time-zone environments, demonstrating strong ownership and time management.

Phrozen Tech Co., Ltd. - Product Designer (UX/UI) | Hsinchu, Taiwan | Sep 2021 – Dec 2022

- **Data-Driven UX Improvements**: Improved product usability through iterative testing and interface refinement, achieving a 25% increase in user satisfaction post-launch.
- **Process Optimization**: Streamlined prototyping and design workflows, reducing design iteration time by 30%.
- **SaaS & Dashboard Design**: Designed and refined web-based admin systems and analytics dashboards, enabling internal teams to monitor user behavior, content performance, and operational metrics.
- **Cross-Functional Collaboration:** Mentored 3 junior designers and worked closely with PMs and engineers in agile sprints to ensure high-quality implementation.

PIXUP Website **(Marketplace Platform):** Contributed to the UX/UI design of Taiwan's leading 3D model marketplace, including creator management tools, content moderation flows, and data dashboards.

Sonic Mighty 8K: Assisted in refining the interface of a high-resolution 3D printer, reducing user error **rate by 25%**.

Phrozen GO APP: Designed interactive features and workflows to ensure a seamless end-to-end 3D printing experience.

Modo Design - 3D Experience Designer | Taipei, Taiwan | Dec 2018 – Mar 2020

- Designed immersive customer journeys and spatial experiences for retail and exhibition projects (e.g., New Balance Pop-up Store), ensuring consistent brand storytelling across physical and digital touchpoints.

Tatung - Designer (Contract) | Taipei, Taiwan | Mar 2017 – Aug 2018

- Led digital marketing and exhibition design initiatives to strengthen cross-channel brand consistency.
- Collaborated with stakeholders to align business objectives with design execution, contributing to a **30% uplift in user engagement**.
- Supported early e-commerce growth through SEO-conscious visual and UX design.

Education
